

OA

The screenshot displays a web-based management system for Victor Aluminum Industry. The interface is divided into several key sections:

- Header:** Includes the company logo (VICTOR 威铝铝业), a search bar with the text "生产" (Production), and a user profile for "尹高伟".
- Left Navigation Menu:** A vertical list of modules including "生产现场管理", "生产数字驾驶舱", "WIK知识库", "生产产值相关", "工单管理", "生产管理报表", "不良/报废管理", "生产异常报表", "生产库存报表", "东聚摄像头专线", "松下摄像头专线", "工艺调度", "生产派工", "生产运营报表", "压铸课", "冲压课", "机加课", and "设备精益运营看板".
- Main Content Area:** Titled "全面生产制造管理" (Comprehensive Production & Manufacturing Management) and "Production & Manufacturing Management". It features a central 3D factory floor illustration with various management modules overlaid:
 - Prod Planning Mgt** (Production Planning Management)
 - Prod Control Mgt** (Production Control Management)
 - Quality Mgt** (Quality Management)
 - TPM** (Total Productive Maintenance)
 - Equip. Mgt** (Equipment Management)
 - Material Mgt** (Material Management)
 - Andon** (Production signaling system)
 - Poka Yoke** (Error-proofing)
 - Traceability** (Product tracking)
 - Andon & TPM** (Integrated signaling and maintenance)
 - Quality Control** (In-process quality checks)
 - FQC/OQC** (Final/Outgoing Quality Control)
 - FG Mgt** (Finished Goods Management)
 - WO/DLE/OEE** (Work Order, Downtime, and Overall Equipment Effectiveness)
 - SMART Materials Mgt** (Smart Material Management)
 - SG Network** (Supply Chain Network)
 - HSE** (Health, Safety, and Environment)
 - SRM-EDI** (Supplier Relationship Management - Electronic Data Interchange)
 - EMS** (Environmental Management System)
