The image shows a web application interface for production orders and an Excel spreadsheet. The web interface has a search bar and filters. A table lists production orders with columns for production status, product code, product name, specifications, quantity, and material code. A red arrow points to a search icon, and a blue button labeled '导出' (Export) is visible. A yellow arrow points from the '导出' button to the Excel spreadsheet. The Excel spreadsheet shows the following data:
